

# AMERICAN SOCIETY OF NAVAL ENGINEERS

1452 Duke Street • Alexandria, Virginia 22314-3458 • Tel: (703) 836-6727 • Fax: (703) 836-7491  
www.navalengineers.org

Dear President's Club Member:

Your support for the American Society of Naval Engineers and for the *President's Club* over the years is greatly appreciated. Companies and individuals like you are what make ASNE an effective voice and forum for the importance of naval engineering to our country's national and economic security.

The *President's Club* has functioned for many years as a forum for senior industry, academic, uniformed, and civilian leaders involved in naval engineering to meet and hear speakers on a non-attribution basis and to promote interchange of ideas. In order to continue providing this unique opportunity, we would like to share some thoughts with you regarding the operation and structure of the *President's Club* and solicit your input for additional ideas.

First, while the *President's Club* was initially named to indicate the membership of the Club being primarily presidents of companies, we recognize that the actual participants include other senior executives of your companies. Therefore, we have modified the charter reflect the fact that the President of ASNE is the host who is inviting senior executives from ASNE's membership to participate at the "presidential" level.

Second, we continue to offer sponsorship opportunities for *President's Club* events. For \$1,000.00, you can be a sponsor, which entitles you to three tickets to that event and recognition as the sponsor. *President's Club* will also continue to feature the most current speakers in their respective positions, who will focus on the most relevant issues facing naval engineering. We will also strive to provide as much advance notice as possible in scheduling events to maximize your ability to participate. Soon, the *President's Club* will be accessible on the ASNE website, so you can stay up to date on events and information.

Third, as *President's Club* members, your input is critical regarding speakers and topics you believe to be of greatest interest and relevance. Please take a moment to provide your comments and updates on the attached response form so that we can maintain an up-to-date roster of members and ensure that notices and correspondence reach the correct individuals in a timely manner. If you have any recommendations on speakers or topics you would like to see included in future events, please indicate those also.

The schedule and description of events for the 2009-2010 program year is enclosed, as is the announcement for the first event featuring RADM Nevin Carr, Chief of Naval Research, who will address a breakfast meeting on **Wednesday, November 18, at the Ritz Carlton Pentagon City**. We hope to see you there and we thank you again for your support of ASNE and the *President's Club*.

Sincerely,

Kathleen Hinton  
President  
ASNE

Kaylene Green  
Chairman, President's Club  
Coordinating Committee
